

# WOODFORD

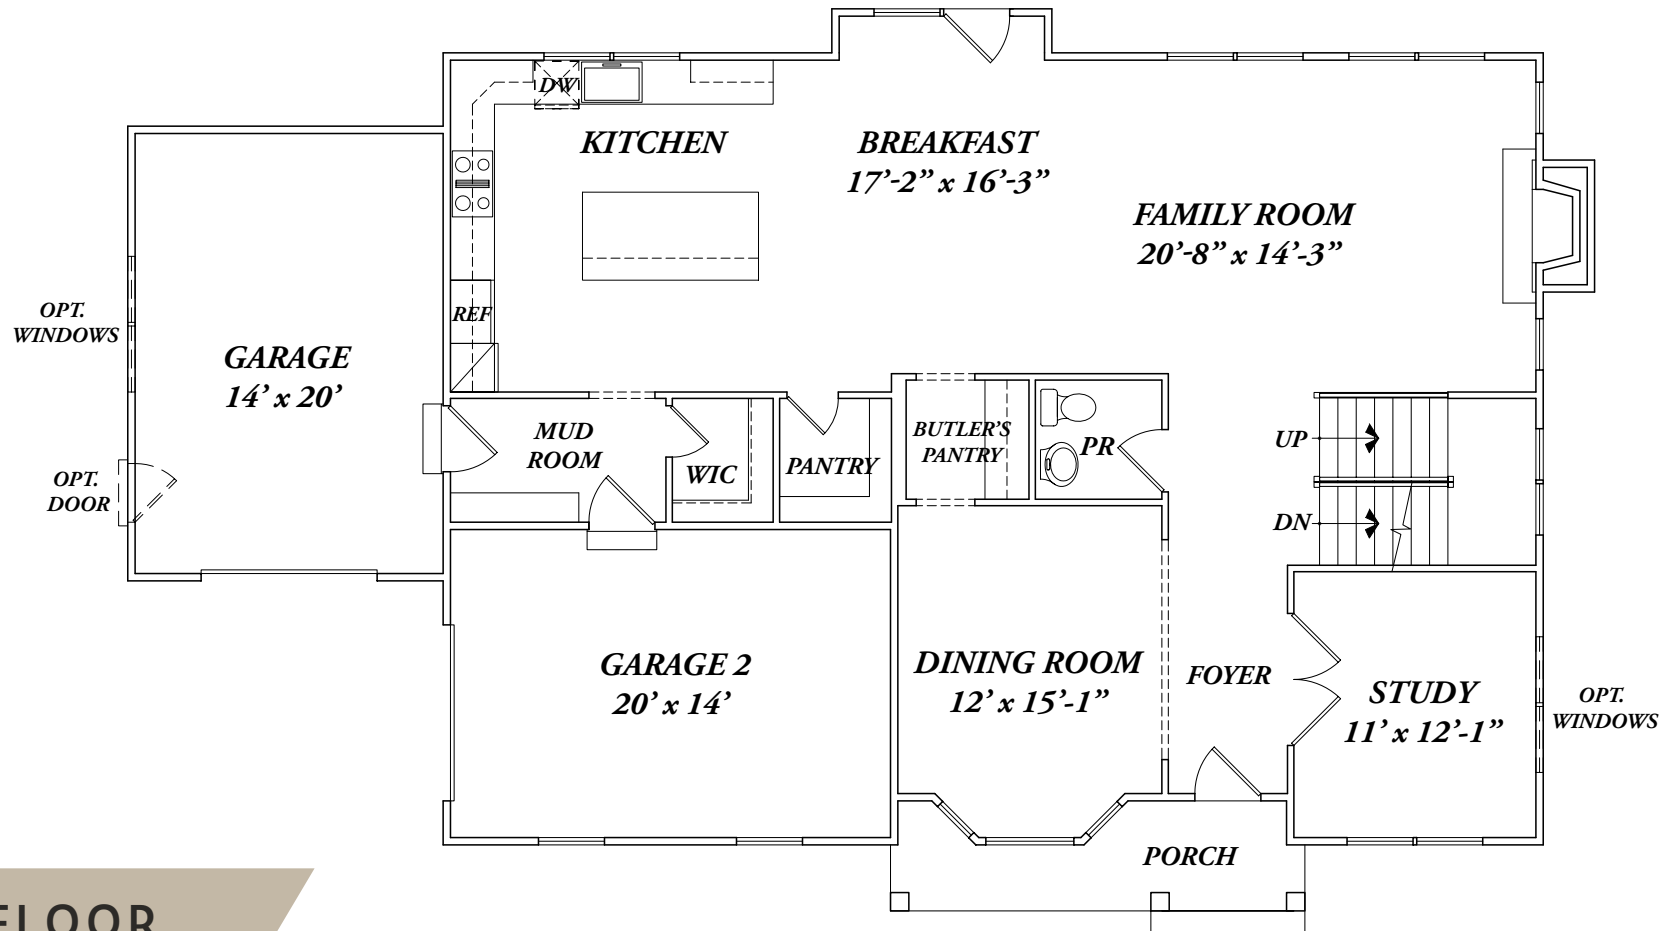

REFINED, FARMHOUSE-INSPIRED DESIGN.

# WOODFORD

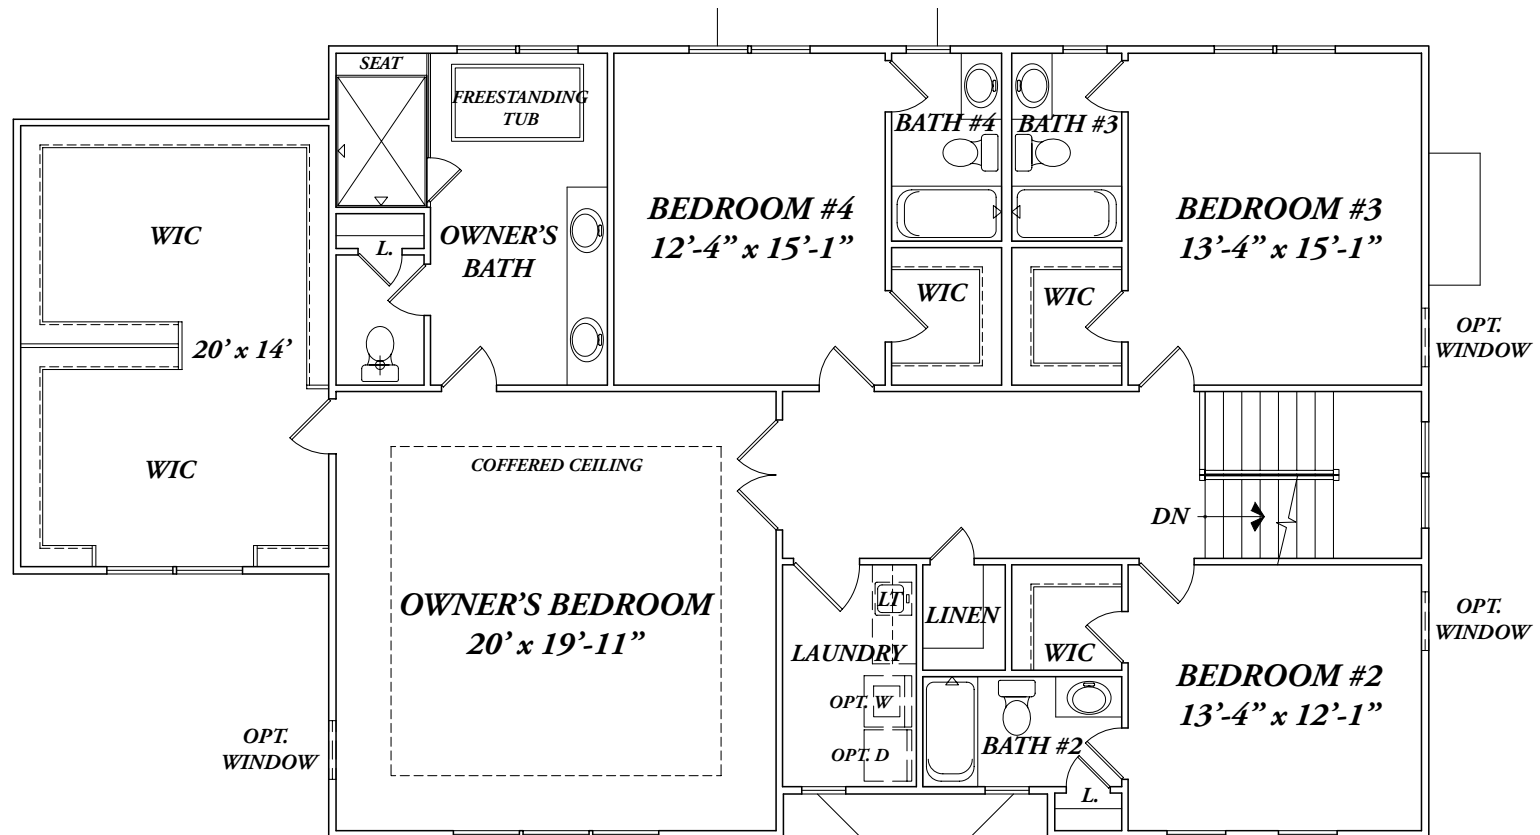

A sheltered front porch sets the tone for this modern farmhouse design. From the main level home office to formal and informal dining, an island kitchen with deluxe appliances and light-filled rooms, the Woodford is a fabulous family home. Keep clutter at bay in a large mud room with adjacent walk-in closet. The second-floor hall mezzanine enhances the feel of open space. The owner's suite offers not one but two huge walk-in closets, a deluxe spa bath with freestanding tub and shower with seat and coffered ceiling in the bedroom. Three additional bedrooms each with their own private bath and walk-in closet as well as a large centrally located laundry complete the second floor. Customize your daylight filled lower level with rec area, wet bar, media/game area, exercise room and a fifth bedroom/bath.
